Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 02 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry and sunny, but cold. Rain spreading east overnight.

Today:
Largely dry with prolonged spells of sunshine. However a few wintry showers are possible near the coast through the morning and early afternoon, and it is likely to become cloudy from the northwest later. Cold with brisk winds early on. Maximum temperature 4 deg C (39 deg F).

Tonight:
Starting dry, but cloud increasing through the evening, with brisk winds and outbreaks of rain spreading east overnight. Initially this may fall as snow over higher ground. Minimum temperature 1 deg C (34 deg F).

Friday:
Patchy rain and drizzle soon clearing to leave a largely dry and slightly milder day, with sunny spells and light winds. Showery rain overnight, wintry on hills. Maximum temperature 7 deg C (45 deg F).

Outlook for Saturday to Monday:
A chilly weekend with sunny spells and showers, wintry on hills. Strong winds and coastal gales are possible Saturday night into Sunday. Rain and hill snow spreading east on Monday.
